

**BULLSEYE!**  
**ACCURATE BIBLE KNOWLEDGE!**  
**"DISPROVING EVOLUTION IS AS EASY AS 1+1=2"**

**QUESTION: "Can evolution be true?"**

**ANSWER: No, mathematics categorically proves just the opposite!**

**EXPLANATION:**

The number of one million = 1,000,000 = 10 with 6 zeros

Billion = 1,000,000,000 = 10 with 9 zeros

Trillion = 12 zeros = 10 with 12 zeros

Quadrillion = 10 with 15 zeros

Quintillion = 18 zeros

Sextillion = 21

Septillion 24

Octillion 27

Nonillion 30

Decillion 33

Un decillion 36

Duo decillion 39

Tre decillion 42

Quatturo decillion 45

Quin decillion 48

Sex decillion 51

Septen decillion 54

Octo decillion 57

Novem decillion 60

Vigin tillion 63

Trigin tillion 93 zeros

**Googol is the number 1 with 100 zeros**

Cen tillion 303 = 10 with 303 zeros

## **FRED HOYLE**

He was one of the greatest of astronomers, said that the probability for one cell to come into being by evolution was  $10^{40,000}$

## **PROTEIN**

Yes, for a **single** strand of protein, yes a tiny-teeny-weeny smidgen of nothing, to develop by evolution would a octillion plus years! If, as they claim, the age of the earth is 15 billion years, how can evolutionists explain this? They can't.

Evolutionists **cannot** give you one true fact about evolution.

## **DNA**

The number of books needed to contain the sequence code for the making of a long DNA polymer of a double helix stand consisting of only four subunits would be the equivalent to the number of books neatly stacked on each other reaching to the moon and back several times over!

## **MATHEMATICIAN LECOMTE DU NOUY**

This world-renowned French biophysicist, said that the probability of any event taking place that is greater than  $10^{50}$  **cannot happen**, that is **IMPOSSIBLE**, that is **ZERO%**, as the total number of electrons in the universe is only about  $10^{52}$ .

## **JESUS FULFILLED BIBLE PROPHECIES**

All throughout the Old Testament, written between 400 – 1500 years before Christ was born, there are **48 prophecies** concerning Jesus Christ. **All** were precisely fulfilled at his first coming. What's the probability of this?

## **DR PETER STONER**

This famous professor of statistical probability, who termed the Law of Compound Probability, says that the odds of one man fulfilling all prophecies exactly as they are prophesied in the King James Bible is  **$10^{157}$** .

## **DISCOVERY OF LIFE ELSEWHERE IN THE UNIVERSE?**

If life was ever to be found anywhere in the universe, the probability would have to be **under  $10^{27}$**  which is the approximate number of stars in the known universe.

**Therefore the probability of any event occurring can't be greater than the numerical value of the universe itself.**

When you hear someone talk about evolution, you can gently tell them they know nothing about statistics, probabilities and mathematics.

**Q: "DOES MATHEMATICS DISPROVE EVOLUTION?"**

**A: "IT DOES! ABSOLUTELY!"**

Put it this way, even the most addicted gambler will not even bet on a flipped coin landing on its side **three** times in a row!

**Have evolutionists got rocks in their heads or what?  
As the saying goes "When you don't know much, anything is possible!"**
