

(Part 3 of 4)

BULLSEYE!
ACCURATE BIBLE KNOWLEDGE!

QUESTION: "DO I HAVE A SPIRITUAL PROBLEM IF I DON'T BELIEVE THE KING JAMES BIBLE?"

ANSWER: "YES ... A BIG ONE" (Hello angel of light [2Cor 11:14](#))

"FACTS AND FIGURES OF THE KING JAMES BIBLE"

Part 3 of 4

There is only one God and therefore only one purified and preserved Bible. As a Christian, you have no choice. As there is one God, one Jesus Christ and one Holy Ghost, there is only one Bible with **pure words** ([Ps 12:6-7](#)).

As a Christian, you have no choice ... only one Bible with **Pure Godly Words** ([Ps 12:6-7](#)).

INTERPRETATION

Ever heard someone say "Oh, that's just your interpretation" when it comes to understanding the Bible. People say "Well I believe this and I think that."

It doesn't matter what people think or believe. It's what the scriptures **actually SAY**. Many are too quick to put their own interpretation on things without finding out what is written.

As the scriptures say *Knowing this first, that **no prophecy of the scripture is of any private interpretation**. For the prophecy came not in old time by the will of man: but holy men of God spake as they were moved by the Holy Ghost.* [2 Peter 1:20-21](#)

The Bible is not hard to understand. We look at what it **says, is actually written**, rather than what we think it means. Many people come to the Bible with preconceived ideas as to what it means.

SATAN LOVES ALL VERSIONS & HATES THE KING JAMES BIBLE

Of course, you have to believe the King James Bible first of all. All the other versions are not Bibles – NIV, NKJV, Good News, NASV and the list goes on. There are over 300 other versions that have been published. Of course, if you were Satan there would be only one Bible you would want to change, and that would be the King James.

THE ITALICS

Italics are **vital** for a translation to give the proper meaning.

For example: The Authorized Bible says "*God judgeth the righteous, and God is angry **with the wicked** every day.*" ([Psalm 7:11](#)) If there were no italics the verse would read "God judgeth the righteous, and God is angry every day." What does that mean? Is God angry with the righteous every day? Is God just angry every day?

All other versions, while casting stones at the King James Bible for including italics, are deceitful, as they omit them entirely.

THE DIFFERENCES BETWEEN -EST AND -ETH

The King James Bible distinguishes between **the first person** (the speaker),

the second person (the one spoken to)

the third person (the one spoken about).

Example:

I judge	first person
Thou judgest	second person
He judgeth	third person

God has all sorts built-in clues in the King James:

- **est** reminds you it is the **second** person with its **'s'**
- **eth** reminds you it is the **third** person with its **'t'**

New versions don't help in this regard at all. They have:

I judge -You judge - He judges

THE GREEK VERSUS THE ENGLISH

There is no contest, as the English Authorized Bible is **far superior** to any of the Textus Receptus compilations which all have needed correction in about a thousand places.

Furthermore, at the last count as of 2007, thirty two Greek texts had been manufactured by man.

Had God wanted the world to read the Bible in Greek, he would have had Greece conquer the world. No, this duty was given to England who produced the perfect, inerrant, inspired and infallible King James Bible, also known as the Authorized Bible, and sent it to the four corners of the earth.

REVISIONS

The revisions of the King James Bible prior to 1800, were simply to correct any mechanical errors of printing and language changes. They fall into three categories

1. **Fonts.** The modern "u" was written as "v". The modern "ss" was written like a "B".
2. **Typo's** (typographical). These were simply mis-spelled words
3. **Spelling.** Words like "ran" could be spelt "ranne" or "rann"

OLDER AND BETTER MANUSCRIPTS

Are the newer versions of the Bible based on older and more accurate manuscripts? No, this is an absolute lie. The manuscripts that are reckoned to be older and more accurate come from Rome.

They are **Vaticanus** and **Sinaiticus**.

These two manuscripts were originally discarded by Rome and thrown away into rubbish bins. They were simply full of errors and doctrinal lies. This was until a fellow called Tischendorf re-discovered them and Rome used them to overthrow the perfection of the King James Bible. The King James translators had studied them as well, knew they were false and had also thrown them away as useless, being full of errors.

ERRORS

There are no errors in the King James Bible. Unlearned scholars and immature professors try and point out some apparent contradictions. This is because they will not believe that their arguments are untrue when pointed out to them and disproved.

OLD ENGLISH LANGUAGE

The King James language is not 'out of date' or 'old English'. **The King James language is simply Bible language.** No-one expects a medical textbook or an engineering manual to be written in everyday language, as there are terms and definitions that have certain meanings. The King James Bible uses language of a highly specific nature.

The King James Bible is written as a legal document and can stand any scrutiny in any court of the land. Instead of man trying to bring God's language down to the common level of man, we are to reach up and understand the language that God would have us use.

For example, the word "**music**" is actually "**musick**" in the Cambridge King James Bible.

Get it? Today's "music" will make you "sick" not "sic". The modern Bible's hide the meaning of the word. ([Dan 3:5](#) for example).

Another couple of words are "**haling**" and "**besom**".

Now, "haling" is not just "hauling", but it means "**hauling with violence**" ([Acts 8:3](#)).

A "besom" is broom, but it is a broom that "**sweeps with destruction**". Get it?

These Bible words **not archaic words**. These are actual Bible words that mean something - not just their watered down replacements. ([Isaiah 14:23](#)).

MEDICAL TEXTBOOKS DON'T CHANGE

No-one in their right mind would get a medical textbook and start changing technical words for something else, would they? For example, "Let's change the word "patella" to "the front knee bone" or the word "kidney" to "bean shapes on opposite sides of the spine". No! Of course not! So how much more God's words that he chose to put in his Bible.

OH! I'VE READ THE BIBLE!

People wouldn't have a clue what the Bible is about.

"It's the Good Book".

"What's that mean?"

"It tells how to be good."

"That's it is it?"

"Pretty much. Yeh! Just love one another. Also Jesus was a migrant so we should help migrants."

Christians hardly know what the Bible is about.

"Oh! The New King James is just the same as the King James without those nasty 'thee's' and 'thou's' "

"I've got a life to live as well"

"It reads like a newspaper!"

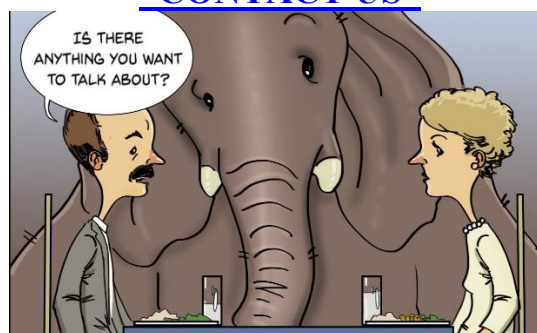

"Anyhow my Pastor wouldn't lie to me."

... AND GOD CONTINUES TO TEAR HIS HAIR OUT!
