

## "ALLAH HAD NO SON"

### The history of how the crescent moon and Allah came into existence.

Here is an episode that takes place as a man and his son look at a mosque with men praying inside.

**Son:** "What are they doing Daddy?"

**Dad:** "They are praying to their moon god, son".

Now this is overheard by a praying Muslim who says the following ...

**Muslim:** "Moon god? You infidel! I could kill you for that!"

(the Koran Sura 5:33 says "*The **punishment** of those who wage war against Allah and His messenger and strive to make mischief in the land is only this, that they should be **murdered** or **crucified** or their **hands and their feet should be cut off** on opposite sides or they should be **imprisoned**; this shall be as a disgrace for them in this world, and in the hereafter they shall have a grievous chastisement*")

**Man:** "But I wasn't speaking to you."

**Muslim:** "If you are a Christian, you should know that **your Bible has been corrupted** ... and the holy Koran condemns it. No man that ever lived is greater than Muhammad who was holy and the **greatest** of all prophets ... he gave us our wonderful Koran. **Christianity is a lie!** Furthermore, Jesus the Jew was never crucified as Islam teaches that **someone else** died on the cross. Jesus can't be God's Son because the Koran Sura 23:91 declares "**Never did Allah take unto Himself any son, nor is there any god other than He.** (Had there been any other gods) each god would have taken his creatures away with him, and each would have rushed to overpower the other. Glory be to Allah from all that they characterize Him with!"

**Man:** **That's no problem Sir, because Allah is not God!** History proves that **before** Islam came into existence ... The Sabeans worshipped **the moon god (Allah)** ... a stone idol ... who married the **sun goddess**, who gave birth to **three** goddesses ... called Al-lat, Al-uzza and Manat. They later became **idols** ... and were worshipped throughout that part of the world as "**The Daughters of Allah**".

My friend, the moon god was **Allah**. Allah was just **one** of the **360 idols** in the Ka'aba in Mecca. **Allah was simply an idol made of stone**. And Muhammad **knew** all about this.

The crescent moon is everywhere in Islam. Even Ramadan begins and ends with the crescent moon. You can ask you Mullah (master or teacher in the mosque) all this.

Muhammad wanted to create his **own** religion. He needed the backing of a powerful tribe ... so he picked Allah, the **moon-god** which they worshipped, to be the one god.

And so he, Muhammad, declared **himself** to be the Allah's prophet.

Now in the 1950's, a major **temple** to the moon-god was **excavated** at Hazor in Palestine. Two idols, made of stone, of the moon-god were found ... proving that Allah was a pre-Islamic pagan deity. Here is a photo of **the stone idol Allah** sitting on a throne with the **crescent moon on his chest** (See Jack Chick's photo in his tract mentioned below)

So now you see that on the day of judgment, you and all Muslims will be trembling. You have been betrayed! But there is a real God in heaven who died for Muslims and wants them to know the truth."
