

“BLACK HOLES ... WHAT ARE THEY ALL ABOUT?”

Simples! ... **God creates** and **God uncreates**.

God creates matter and God creates anti-matter.

Black holes are used by God to show that a 'forward' or 'backward' creation is not a problem for him.

Black holes are **anti-matter**, such that when matter gets too close to a black hole, it simply disappears. **Matter is neutralized**.

Where does it go? No-one knows. It just goes back to nothing.

That is out of nothing came everything ... so everything can simply go back to nothing.

Just as no-one can explain the miracle of creation, similarly, there is no explanation for the miracle of un-creation ... black holes. Although black holes are created by God, their function is to perform the opposite ... that of un-creation!

In the beginning God created the heaven and the earth ([Genesis 1:1](#)), such that ...

"... the worlds were framed by the word of God, so that things which are seen were not made of things which do appear." ([Hebrews 11:3](#)).

Similarly, but in reverse, **in these end times**, God shows that he can uncreate the heaven and the earth ... little bit by little bit ... until the big disappearance ([Revelation 21:1](#))

To explain this uncreation, we could say in reverse ...

*"... the worlds were **unframed** (disappearance of matter ... stars and planets) by the word of God, so that things **which are seen** (black holes) **make the things that appear disappear**.*

Is there anything too hard for God? ([Jeremiah 32:27](#))

You see God will eventually create a new heaven and a new earth. Where will the first heaven and first earth have gone? Simply melt into one 'giant black hole' ([Revelation 21:1](#)).

So if God, that is Jesus Christ, created black holes, how do they represent him ... I mean ... they are **dark** and they are **light**?

Surrounding the latest black hole discovery in February 2024, is the most brilliant white light ever discovered ... a billion times brighter than the earth's sun ... this represents **Jesus ... he is the Light** ([John 1:5-8,9](#)).

Similarly, **Jesus creates darkness** ([Genesis 1:2, 4, 5, 18](#); [Exodus 20:21](#); [Jeremiah 13:16](#); [Isaiah 45:3](#); [Ezekiel 32:8](#); [2 Peter 2:4](#) and so on). Furthermore, it's the biggest and most voracious black hole ever discovered so far ... in that ... it has the capacity to swallow the entire mass of the Milky Way in one day.

Q: Will there be any black holes after the 1,000 year (millennial) reign?

A: No, as there will only be matter that will be created ... not gobbled up.

"Of the **increase of his government** and peace there shall be no end ..." ([Isaiah 9:7](#)) ... no more anti-matter! Simply creation!

"ARE THERE ALTERNATIVE UNIVERSES?"

The **multiverse** is a term that some scientists use to describe the idea that beyond the **observable** universe ... other universes may exist.
