

#8 "THE 'ORIGINALS' "

Winner winner ... Chicken dinner!

There's a lot of deceptive humbug and superstitious reverence about "the originals" ... you know the "originals this" and the "originals that" ... until you realise that it just **a cover up for rejecting** what God has given you in the English of any ol' King James Bible of today.

Now this rejection, has come, I suspect, by not being able to understand 'the English as it is written' ... that is ... not being able to handle the written words we have in English today in the King James Bible.

Q: How does this occur?

A: Synapses ... but let me continue ...

Now it is well known that **things that are different are NOT the same.**

Let me give you an example ... **cows and horses** ... they are different and therefore they are not the same.

Or how about **cats and dogs?**

Look ... there are a lot of similarities ... both domestic animals ... both have tails ... both have four legs ... both have hair ... both have two eyes ... both have two ears ... both have a mouth ... both eat meat ... both have teeth ... and the list goes on and on ... **BUT THEY ARE DIFFERENT and therefore THEY ARE NOT THE SAME!**

Although no-one knows where **thoughts** 'come' from ... and indeed, **if brain cells** are involved ... and indeed, if the **synapses** between the brain

nerves are sufficient ... then the ability to reason would lead people to agree that cats and dogs being different ... indeed horses and cows ... as outlined above.

Now I think everyone would agree with the above ... I'm pretty sure.

Now let's try this one ... [the kingdom of heaven and the kingdom of God](#).

Is heaven the same as God?

Look ... both are kingdoms ... both have saints in them ... with entry into the former by believing on the Lord Jesus Christ and the latter a continuous belief ... both guarantee eternal security ... both guarantee a future life in heaven ... both are secured by the perfect works of Christ and shed blood ... and so on ...
BUT THEY ARE DIFFERENT and therefore THEY ARE NOT THE SAME!

How can they be? Simple ... two different nouns and therefore two different things.

Why? God is God and he created heaven and the heavens.

How can they be similar? They can't ... it's an impossibility. I suspect it's a deficiency in their **spiritual synapses**. **What think ye?**

Now without getting sidetracked ... are 'ye' and 'thee' the same?

So Dear Reader, please write in and tell me why Christians say 'the kingdom of God' is the same as a the 'kingdom of heaven'.

The prize for the correct answer ... **"Winner winner ... chicken dinner!"**

Dear Reader, I thought it a bit cruel to label the "originals" believers as having a lack of brain cells ... let's be kinder ... and put it down to the **Deficient Spiritual Synaptic Operation Syndrome (DSSOS)** aka **Lack of Faith Syndrome (LFS)**.

Of course, as always ... please help me to further any 'scientific' research on this matter if you can ... indeed any other.

Gratefully yours ...
